If you would like to sell your raw Gold, please read below:

Up front, you are dealing with the End Buyer.

If you have Gold to sell, send an Email to KMB at: KMB.submissions@gmail.com and include your FCO.

You need not be the actual owner of the Gold to transact, however, I will require the following: Proof in writing that you have the legal right to sell the Gold! Then I will know that I am dealing with a Real Gold Seller and then the transaction will commence.

If your price accepted for your Gold, then will send to you contract in Microsoft Word for you to review, complete, sign and seal. Do not convert Contract; leave the contract in Microsoft Word in order to enable me to complete Buyer portion.

Once Contract is completed and signed by you and returned, then complete Buyer portion and sign the Contract and return it to you in a timely fashion.

Then we will arrange the time and date of when the transaction will start. (When the Gold is to be delivered to the Refinery). You will be paid at the Refinery by check or via wire transfer right after smelting in my refinery in ITALY.

Please do not offer any of your Gold if you want me to pay any up-front money for any reason or if you want to supply to you an SBLC or any other type of Bank Guarantee. No guarantee is required since you will be in control of your Gold until you get paid. (Title of your Gold does not transfer till you get paid).

Please respond only if you accept this condition as written herein

This is not "dictating" or "Instructing", simply stating what it is possible at for real deal. If you accept my condition, please send an Email to KMB at: KMB.submissions@gmail.com and include your FCO.
